## Digger's Day

January 26<sup>th</sup> is a week away, and Digger's Day, held on Australia Day every year, is the Club's largest Tournament. Albert runs it, with a lot of help from Sue and a band of willing volunteers. It's a BIG Day! Fortunately, Albert got to Woolworths before they went all woke on us.

The Greens will be full. The Club is asking for volunteers to help, and donations of prizes for the Mega Raffle.

## Tiger Patrol

With the Christmas break finished, the Patrol has been busy getting the Club and surrounds ready for both Pennants and Diggers Day. Hedges trimmed, lawns mown, flowers planted, chairs and tables washed and the usual cleaning. The Club looks a picture. Many visitors comment positively on the ambience of the Club.

But all work and no play makes for a boring morning, so the Patrol finishes with a drink and a meal. Here are part of the Patrol enjoying Trevor's special dessert and all bowler's favourite---trifle.

We are always looking for more Tigers for the Patrol, so if you like the look of the above picture, you are most welcome to join us. However, we don't always get the trifle after the meal. It was a Special occasion!

## Rink of the Week

Round 10 Rink Winners were **Carl Hopkins, Jason Riebe, Terry Dean and Bob Penhall** from the Wednesday Div 3 team with a winning margin of 20 shots.

## Volunteer of the month.

Will be chosen by the Board at the next meeting on Monday, just after Tiger Patrol.

## Friday Nights at the Club

I'll be there after practice!

We had a couple of wet days last year. This one was early in December.

## Tournaments

If we want other Clubs at our Tournaments, we need to attend theirs.'

Sometimes our representatives win the money. A team skippered by Feastie, with Milesey, Leftie and Ken Adams won the money at the Yankalilla Tournament in early January.

## Trivia

CJ recently bought some old bowls in their bags at an auction. One set had JR as a motif. Now that might interest someone. But in one of the bags was a booklet entitled "The Romance of Bowls Manufacture."

This is the first two pages. If you are interested in the rest, see CJ.
